## ABOUT US

Made By Students, For Students

Who said learning had to be boring? Our courses are put together and presented by students who have recently done NCEA, and understand what it's like to be in your shoes. We walk you through how it's done, and give you solutions for common problems that students run into.

**Learn how to answer Achieved, Merit and Excellence questions**

Our online workshops walk you through how to answer NCEA exam questions, including how to answer them in the way that NCEA wants.

**Be prepared for the outside world**

Ever wanted to learn more about politics but didn't know where to start? We explain everything from the ground up from a New Zealand point-of-view.

**Explained like a mate**

No pompous language, no American-context that doesn't quite make sense here – all our courses are presented by our New Zealand-based team to give you the greatest chance of success.
